

# Clover Flex 3 What's New

Launching January 2023

# Clover Flex 3 Summary

- ❖ Clover Flex 3 is a full-featured, handheld POS with a nearly 6” screen.
- ❖ Wireless charging is supported by the Clover Flex Wireless Cradle and it can also be charged with a USB-C cable.
- ❖ Flex 3 supports a WiFi and LTE connection (LAN not available).
- ❖ The battery life supports at least 8 hours of use for a typical SMB.
- ❖ Its features include a receipt printer, barcode scanner (camera), wireless charging cradle and a headset port. A silicone sleeve is shipped in box.
- ❖ Its optional compatible accessories include the Flex Travel Kit and an ADA compliant PIN Entry Aid.
- ❖ Clover Flex 3 features the new Avocado payment flow UI.
- ❖ It is fully integrated with Clover devices but cannot be tethered to any device over a wire.
- ❖ Clover Flex 3 is well-suited for a variety of verticals, including full-service restaurants- tableside and curbside, retail, and for merchants in the field.

# Clover Flex 3 Positioning

Clover Flex 3 is a full-functioning POS device that accepts payments, tracks sales, and helps you run your business from the palm of your hand. Its LTE connectivity sets it apart so you can serve customers where they are- at tableside, in line, or out in the field. With an all-day battery, a built-in printer, wireless charging, and a bigger screen it's the perfect solution for the evolving needs- and speed- of your business.
